The Honorable Peter DeFazio  
Chair  
House Transportation & Infrastructure Committee  
2165 Rayburn House Office Building  
Washington, DC 20515

Dear Chair DeFazio,

I am requesting funding in surface transportation reauthorization legislation for the Riverway Boulevard reconstruction project in my district.

The City of Riverside is the project sponsor for this project. The project is located on Riverway Boulevard between West Platte Road and Missouri Highway 9 in Riverside, Missouri 64150.

The funding is designated for the realignment of the northbound Missouri Route 9 ramp, replacement of two intersections, and the creation of new access points onto Riverway Boulevard from adjacent industrial areas. Additionally, funding will be used to install new street lighting and construct a new curb and gutter.

This project is an appropriate use of taxpayer dollars that will alleviate traffic congestion and prompt further development in this area. The proposed project section serves as access to the state highway system for thousands of my constituents that are traveling to employment centers and other locations in the greater Kansas City area.

I certify that neither I nor my immediate family member has any financial interest in this project.

Sincerely,

Sam Graves  
Member of Congress

Date Signed: April 27, 2021
